

COVID-19 Returning to Work - A Journey With Wings

Keeping employees safe

- *All operations will be conducted in the hangar with the door open and not in the office.*
- *All pilots will wear a cloth facemask when on premises.*
- *Pilots will not share headsets.*
- *Pilots will sanitize their hands before and after the flight.*
- *All cockpit surfaces will be wiped down with a disinfectant after the completion of the flight.*
- *All post-flight duties will be handled at a 6-foot distance with cloth face coverings and in the hangar with the door open.*

Keeping clients Safe - Receiving cremated remains

- *All paperwork will be done electronically.*
- *Receipt of cremated remains will be handled in an outdoor setting.*
- *Clients dropping off the cremated remains and those receiving will wear cloth facemasks.*
- *Hand sanitizer will be available.*

Keeping Clients safe - Viewing from the ground

- *Clients viewing the scattering from the ground must adhere to all safety protocols set forth by the authority over location they are utilizing.*
- *Clients must be in a group of 10 or less.*
- *They must practice social distancing by maintaining a 6-foot distance from one another.*

- *Clients deemed high risk* should consider not participating in the group viewing of the scattering.*

Keeping Clients safe - Flying with us.

- *Clients will meet their pilot outdoors.*
- *Only clients who live together will be allowed to participate in the flight together.*
- *The pilot and the client will wear a cloth facemask at all times.*
- *Temperatures will be checked prior to entering the aircraft.*
- *Hand sanitizer will be available.*
- *All post-flight debriefing will be conducted outdoors.*
- *Clients deemed high risk* should consider not participating in the flight.*

****These high risks groups are:***

- *Older Adults (65+).*
- *Individuals who have traveled to high risk states or countries within the past 2 weeks.*
- *Individuals who have been in contact with someone with a known or suspected diagnosis of COVID-19.*
- *Individuals with compromised immune systems.*
- *Individuals who have serious chronic medical conditions such as:*
 - *Heart disease*
 - *Diabetes*
 - *Lung disease*
